Ducks are plentiful at Well's bay. Post Office is open on the 1st. Potatoes are a drug on the Kingston market, selling from 25c. to 30c. per bushel.

Rev. Bishop Carson will occupy the pulpit in the Father M. E. church Sunday evening.

Two dead horses, a quantity of apples in barrels and other wreckage have floated ashore at Garden Island.

There are reports of two hundred men engaged in felling on the Bay of Quinte between Trenton and Deseronto.

H. J. Allen, of Fathom's, has been attending the wedding of his sister-in-law, Miss Sophia Smith, of Waterloo.

The second house for the C. O. at Trenton is being rapidly pushed toward completion. It is a fine structure, of brick.

Father Stafford became a pronounced socialist among the refugees at Garden Island.

Mrs. John Carr, of Salford, met with an accident on the 17th, and was very severely hurt. A broken wrist is one of her injuries.

At the request of several teachers, Mr. Mackintosh has made arrangements for a teacher's institute at L'Amoreux on December 8th.

The house of Morris Allen, Halimand township, was entered by burglars on the 14th, and \$100 in cash and some valuable papers stolen.

Hicks & Vanhancor have been awarded the contract for carrying the mails between Deseronto and Port Hope during the close of navigation.

The new brick Methodist church in the 26th. of Murray was to be dedicated on Sunday last, when Rev. N. Burwash and J. A. Chapman officiated.

Marvin Walden, who was one of the parties charged with being implicated in the Cautious tragedy with the late David Smith, has returned home.

Body-snatching continues to be prevalent in Kingston. "How to dissect cadavers" is a question that is under continual discussion in the medical college of that city.

The contractors are progressing vigorously with the Murray canal. One of the difficulties they have to contend with is to find boats for their men at \$3.00 per week.

Canterbury hall, Trenton, was to be inaugurated on the 29th. Rev. H. O. Parker and Prof. Greene, of U. of T., were invited to take part in the exercises.

The catch of whistfish in the bay this fall will not put the experts connected therewith, and it would appear as though these fishings parties will eventually have to be abandoned.

Rails have been laid on the road that is to connect Madeo with Bridgeville to within a mile and a half of the latter place. It was thought that the line would be ready for traffic by the 1st of December.

On Friday (17th) Mrs. D. Chesbrough, of Plainfield, was in the yard when the cows were being milked, when one of them ran against her and threw her down with such violence as to break one of her thighs.

Dr. Dutton, a young little doctor, who visited this country with Tom Lumb's company some years ago, married soon after his return, and is now a resident at an asylum at Worcester, Mass., a hopeless lunatic.

The other Sunday afternoon, Miss Anna Russell was on her way to church at Deseronto, and was passing the residence of Dr. C. Robinson, his large dog came from behind and indicated an ugly wound on one of her ankles.

Permission was granted the Messrs. McMillan, of the C. O. railway, to continue their switch engine division at the end of the line, as the ultimate intention being to make it the main line, so the other has too short a serve to be of long value.

It is reported that Mark Robinson has discovered a very large ore-belt in Wallacetown, in the north of the county. He is now in the midst of the adjoining property, belonging to Mr. Nugent. The Bethlehem company have secured the property.

In 1819 a party of eighteen persons were crossing Hay Bay in a small boat to attend quarterly meetings at the M. E. church on the south side of the old Methodist church in Canada, when the boat upset and eleven were drowned. Of the seven survivors, Conrad Cole, of North Fredericksburg, was the last and he died on Friday (17th) at the ripe age of 77 years.

Saturday before last, in a village not a thousand miles from Belleville, an epidemic of cholera broke out, and a number of persons died. The epidemic was not long in being checked, and the village is now a quiet place.

The clerical gentleman was not long in being checked, and the village is now a quiet place.

Wm. Ormond, of Belleville, section man on the C. O., on the 18th had his back turned to an approaching engine, talking to another person. The engine came around a curve, Ormond, who was looking in an opposite direction, did not see it until a few feet away.

The locomotive was running at a high rate of speed, and Ormond, struck by the beginning of next summer this winter, he is proposed, will be increased to \$100 a month. They have fitted up machines ready for work now, but the factory was not to be full until October.

Mr. J. H. Leonard, of Belleville, has been established the first knitting factory in Canada at Mitchell, beginning with only eight machines, but at present there are an estimated 200 in the factory. He subsequently established another one in the same town, which gives employment now to forty hands.

The female employees in the Belleville factory are under the charge of Miss Anne Russell, who is also thoroughly acquainted with her duties. A number of girls from Mitchell and other parts have been engaged, and as the demand for the goods increases the number of operatives will be added to it.

It is the intention to manufacture all goods which it is possible to knit on the machine. The goods being the following: scarves, socks, the Central Ontario railway. The Central Ontario will have about 125 miles of road, and has a complete set in operation over 22 miles, traversing the country from Stirling to Pictou. It is a fine line of rail, and is being built by the Grand Trunk at Trenton. It is in the line of rail for between 20 and 30 miles further northward to the iron mines of North Hastings. These immense deposits are said to be the largest available sources of supply for high grade magnetic iron ore upon this continent. The ownership of the railway is in the hands of the Grand Trunk, where they will take care of the American portending the success of navigation. The mines in this region are all accessible and cheaply worked, and it will not be necessary for many years to erect expensive plant and remove vast quantities of debris and clay rock as in other places. Contracts are already pending with the largest American establishments in the central and eastern states, which will ensure a carriage of not less than 400,000 tons of ore from these mines during the first twelve months after the road is completed. At \$1.00 per ton for freight and dockage (the contemplated charge) this would give \$600,000 of freight earnings from this one source. On the line of road, and immediately tributary to it, there are extensive mines of marble, lithographic stone, asbestos, slate and gold and iron deposits, all of which are practically dependent upon this line of railway for their outlet.

Thomas Coffey, of the *Catholic Record*, has in his possession a rental agreement in the form of a parchment upon which is written the Lord's Prayer in Irish, and is a fine relic. It was brought by a priest from Rome, where it was secured from the *Prætorium*.

Perhaps the best sample of barley ever shipped from Peterborough has been sent to Mr. J. G. McKinnon, of Peterborough. It weighed 22 lbs. to the bushel, being 4 lbs. over the Government standard. It was beautiful. There was about a carload of it and Mr. McKinnon was delighted at securing such a new variety of grain.

On Thursday night, at Miss McKinnon's, of London, was running out of a gate leading to a lane near Spring street, not seeing a horse, he struck her back against the hind legs and fell to the ground, his head being found in that position, with a gash about three inches long across the temple, and he was taken to the hospital.

Dr. Tweedie was called and said she was under examination of the brain, and was in a critical condition.

A VERY BAD OCCURRENCE.—On Wednesday last Miss Macdonald, of Pembroke, had a narrow escape from death. She was in the Hotel at Guelph. About seven o'clock in the morning she night passed through the hall, and immediately afterwards her uncle, who occupied an apartment on the second floor, was in the hall, with a view to securing Miss Macdonald, the door was burst in, and she was taken to the hospital. Medical aid was at once procured, and it was nearly an hour before she was taken to the hospital. It appears she had been knocking in vain, and the door was burst in, and she was taken to the hospital.

There is Much in a Name.
Why is J. Boldrick's shop considered the most reliable place to purchase clothing? Because he is a practical manufacturer, and a judge of the class of goods he sells. Secondly, all the work is carried on immediately under his own inspection. And, thirdly, and his guarantee is considered reliable. It matters not to his customers whether he employs five tailors or fifty-five. He sells no bankrupt goods, half worn out around auction rooms. These are his secrets of success. He has now some choice Tweeds and Ove-coatings.

Special Inducements.
We are now in a position to sell goods at the very lowest prices, as we carry a large stock, and we purchase all our goods on a cash basis, in the best markets, and in large quantities. Consequently we WILL NOT BE UNDERBID by any one in the trade. Our goods are arriving daily, and customers may rely upon getting their goods from us. We have a large lot of Bacon, Flour, Feed, Oats, Salt, all kinds of Groceries, etc., on hand, and will sell them at Very Low Prices for Cash.

We also offer special bargains in Whiskies, Wines, Fine Liquors, Ale, etc. As we do a very large business in this line, we will give the above Goods Ten Per Cent. Cheaper than any other house in the trade, quality considered. Our motto is: "We will not be undersold."

ORGANS & PIANOS!
The undersigned wishes to announce to the friends and lovers of music that he has just received the DOMINION ORGANS, which are exceedingly good, being very easily worked and finely tuned, and beautiful in design and workmanship. They are brought to state of perfection. It does not expect to find in any Canadian instrument for some time to come. He can cheerfully recommend and warrant them thoroughly good, after an experience of thirty years' handling of instruments. Samples on exhibition at my residence. Also second-hand organs for sale, cheap or to suit. Call and see samples, and specimens very low. A good stool with each instrument.

ONTARIO CENTRAL ITEMS.

Local Exchanges Batted Down Five.

The review of Campbell and Seymour will develop the fact that the
Wall Street iron mine sold at \$2000 per
ton, and from \$5 to 1000 feet wide.
The Republic of Brighton added \$500 to
its treasury by a tax and lecture.
One half of the barley crop of Hastings
county is yet in the hands of farmers.
The people of Bridgeville had a fine ex-
tension to the 2nd and 3rd of October.
The extension of the rule of the 1st & 2nd of October
being laid to that place.
Messrs. Morton, Clark and Hogg, of
Hastings, who engaged the Park Hotel
to give a concert in Campbell, re-
sulted over \$1000 in their venture.
The people who secured the troupe in the
same way were more successful.
A. F. Wood of Malton, brother of the
provincial treasurer, and J. A. Wilkinson,
of Cobourg, valuations of land on the
Trent Valley canal route, were in Ottawa on the
2nd, and had an interview with the min-
ister of railways in reference to an ex-
propriation of the Lakefield dam for canal pur-
poses. The government has decided to
become owners of the property, the present
owner to be secured in the water power.
The laying of the rails on the Toronto &
Ottawa railway was completed to Rich-
mond Hill on the 2nd. It is the intention of
the company to put on a regular passenger
train between that village and Malton at an
early day, connecting at Malton with one of
the trains on the Grand Junction for Belleville.
At the same time the Millard company will
commence running a passenger train from
Toronto, where connection is to be made
later road running to the Northern town-
ships.

Rev. O. Flynn, Malton, writes to the
Review as follows: "Our Mary, which has
been in the family for years, and was
treasured as the proudest of all, died
suddenly without accident of any kind,
Lily and Emma, and left standing for
a little time in front of the residence, where
she had often waited patiently the place
of the family. While there a construction
train on the Toronto & Ottawa railway,
which passed a few rods south of the resi-
dence, shot out from behind the hill and at
the same time blew the whistle, which
proved too much for Mary's nerves, a mo-
ving scene being a terror to her, and wish-
ing to make the distance between them as
great as possible, she made an escape to
the back of the house, and ran up the
stairs, and over a diagonal ditch, the
dashed over a piece of rough ground and
dropped to the ground, and struck her
head at the top of her head. Coming
through it she made two complete lines
through neighbor Dunn's orchard from north
to south, and thence from east to west,
bringing up the corner of a strong fence.
To say the least, the body was not over-
turned, and stranger still not a scratch could
be discovered on either the face, the
hands or the legs. We regret to say that
she died before we could get her to the
removal of the railroad.

The contest for municipal honors in St. Louis is again between the two doctors for whom Walter Martin, D. Martin, F. E. Baker, H. W. Smith and C. F. Stickle are the principal opponents. The councilors, unless one reason meantime for the election of either of the two, will be the rest elected by acclamation.

Walter Baker surprised his friends in leaving on Tuesday morning last by his sudden departure for his father's home, and his assistance in the mill at Arkansas, to hence his return. Walter is looking forward to the summer months, although the climate out yonder agrees with him, and he is undoubtedly going to have a fine time.

JOHNSTON'S
SARSAPARILLA
LIVER COMPLAINTS
And for Purifying the Blood.
It has been in use for many years, and has

proved to be the best remedy for the market for SICK HEADACHE, PAIN IN THE SIDE OR BACK, LIVER COMPLAINT, PIMPLES ON THE FACE, DYSPEPSIA, BILE, and all Diseases that arise from a Disordered Liver or impure blood. The name of our best people take it and give it to their children. Physicians prescribe it daily. Those who use it once recommend it to others.

It is made from Yellow Dock, Buck-

the Sarsaparilla, Wild Cherry, Dandelion, Sassafras, Wintergreen, and other well-known valuable roots and herbs. It is strictly vegetable, and does not hurt the most delicate constitution. It is one of the best medicines in use for Regulating the Bowels.

It is sold by all responsible druggists at one dollar for a quart bottle, or six bottles for five dollars.

Those who cannot obtain a bottle of this medicine from their druggist may send us one dollar, and we will send it to them.
